

EXTERIOR DESIGN

Front View

- The size of the vehicle has been increased from the '02 model to achieve a tall and wide appearance.
- The front grille, which takes after the trapezoid image of the '02 model, contains two horizontal lines that express power.
- The bumper expresses the functionality and the power of the SUV through its integrated overrider and skid shape.
- A three-dimensional, four-beam headlight design has been adopted to give the vehicle a wide appearance and high quality.
- The hood bulge projects a sporty image (SR5 Sports Edition Package).

(): Comparison with previous model.

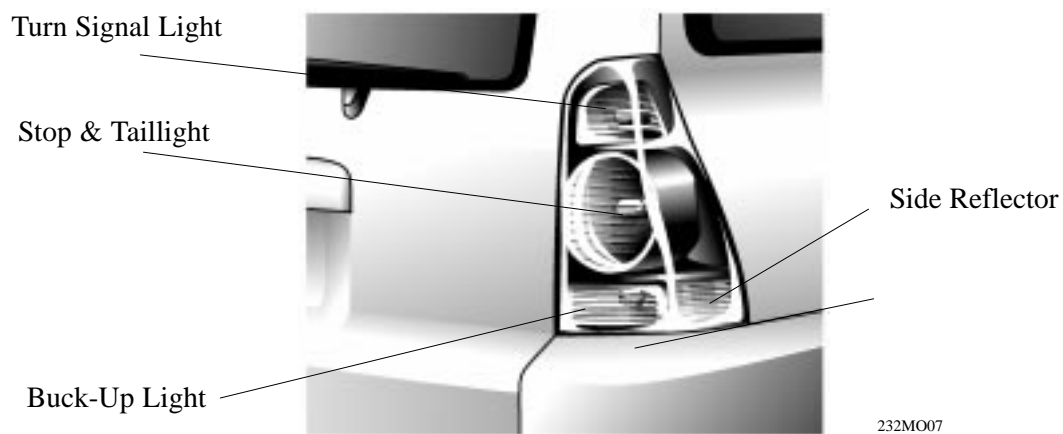

Rear View

- Three-dimensional pillars surround the back door glass to emphasize the proportion of the back door center, thus expressing the power of the SUV.
- The rear combination lights share the same motif as the front headlights to realize three-dimensionality and high quality.
- As with the front bumper, skid plates are provided at the bottom of the rear bumper to achieve a functional and powerful design.

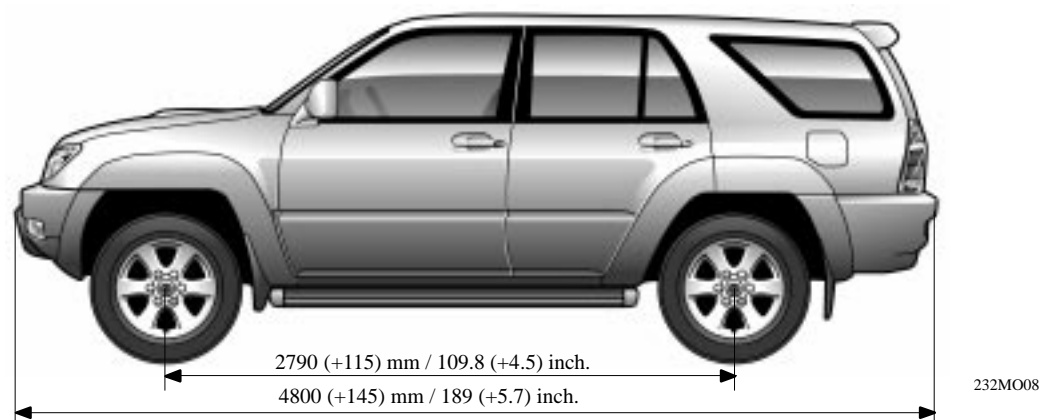

232MO06

232MO07

Side View

- Power is expressed through a simple design with a surface configuration that emphasizes the height of the vehicle.
- A new SUV cabin design has been achieved by a line that extends from the roundish front pillar to the wide rear pillar.
- Overfenders, which are standard equipment on all models, give the SUV its powerful look.
- Side mud guards are standard equipment on all models.
- Lighted side steps are provided on the limited grade model to ensure occupant safety when entering or exiting the vehicle.

() : Comparison with previous model.

Tire and Disc Wheel

- Steel wheels and three types of aluminum wheels are available.
- Center ornaments are provided on all wheels.
- 17-inch aluminum wheels are also available to enhance the sporty image.
